FEAPDA 2009 21st Congress October, 23rd-24th-25th 2009

Istituto Gresner, Via Provolo 18 - Verona Italy

WHAT IS A FEAPDA CONGRESS?

The main aim of a FEAPDA congress is to give participants from different European Countries the opportunity to share their knowledge and their daily concerns on a given topic. Keynote lectures and country presentations are designed to act as a stimulus to further discussion.

This congress will deal with the vital but not always easy relationship between families, teachers of the deaf and other professionals. How can this be a useful and effective relationship?

Questo Congresso affronterà il rapporto necessario, ma non sempre facile, tra la famiglia, gli insegnanti, gli operatori sanitari e della riabilitazione. Quali sono le condizioni affinché questo rapporto sia proficuo ed efficace?
